## Custom elements

Make your streaming events stand out by adding a custom graphic layout designed according to your needs.

What are the pros? An exclusive graphic layout for your event and the chance of submitting your request to our graphic designer for a custom service.

Otherwise, choose one of our layouts from the ready-to-use package.

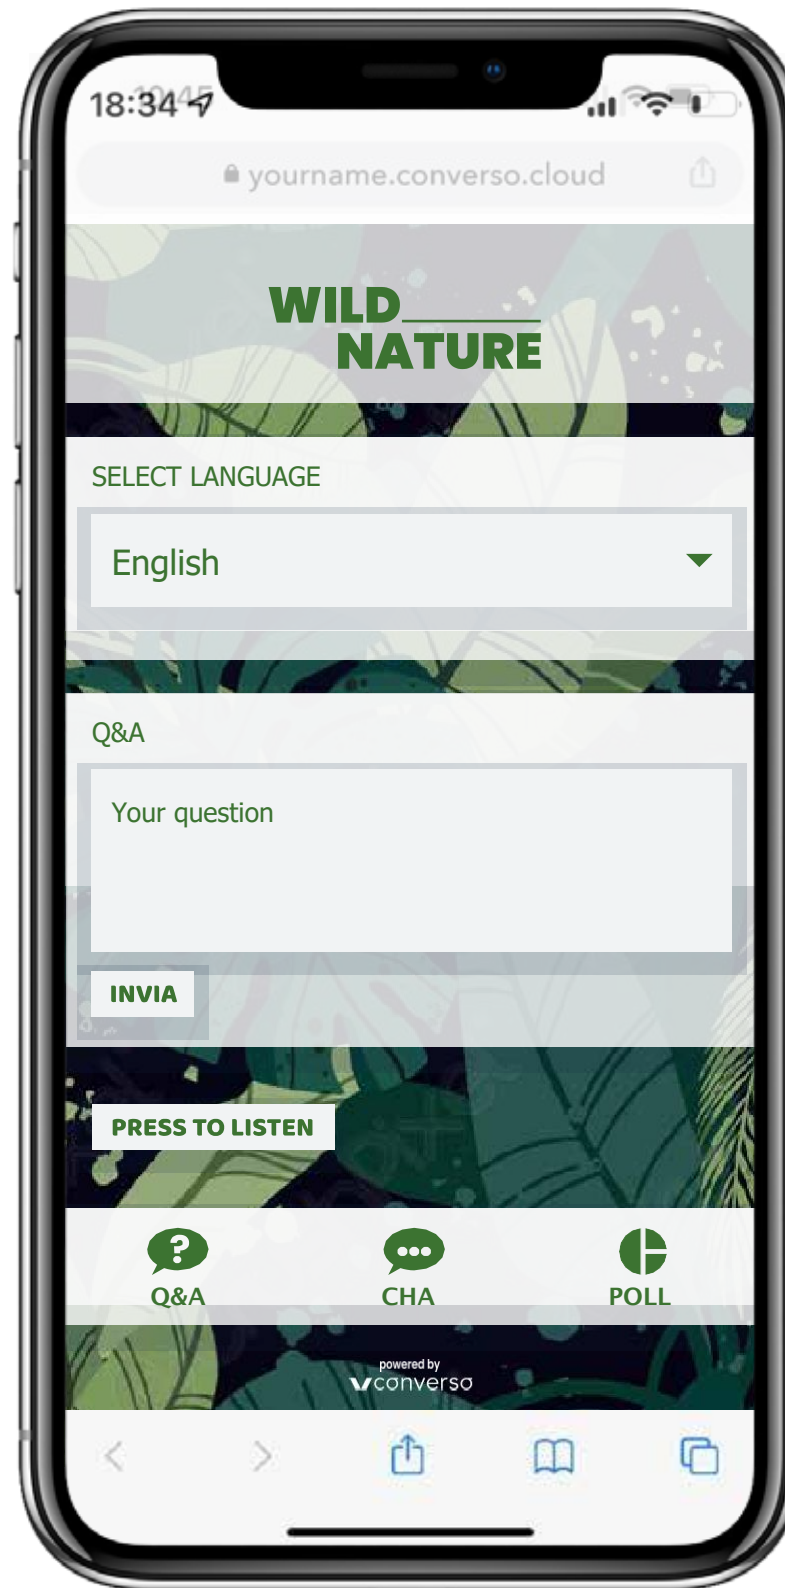

Insert logo

Custom background (spot colour, pattern, picture)

Choose the font that best suits your corporate image and match it with a colour

Activate your widgets and choose the colour of the icons
